PROFESSIONAL SYNOPSIS

- Certified **AWS Academy Graduate** for **AWS Academy Cloud Architecting**
- Motivated engineering graduate with knowledge of **Java, Spring Boot, SQL**, and web technologies. Interested in backend and full stack development with hands-on experience in **REST APIs, JDBC**, and Hibernate-based applications. Eager to apply technical and problem-solving skills in real-world software projects.
- Excellent **communication and presentation skills** honed through academic presentations and group projects. Ability to effectively convey technical information to both technical and non-technical audiences.

SKILLS

- Programming Languages: Java, JavaScript, SQL, Python (Basic), C (Basic)
- Backend Technologies: Spring Boot, Hibernate/JPA, JDBC, REST APIs
- Frontend & Web: HTML, CSS, Responsive Web Design
- Tools & Platforms: Git, GitHub, Maven, Postman, Lombok, AWS Basics, Kafka, DBeaver
- Core Concepts: OOP, Exception Handling, Layered Architecture

PROJECTS WORKED ON

Student Management System (Java, JDBC, MySQL)

GitHub: github.com/aman-a25/StudentManagementSystem

- Developed a Java-based Student Management System using JDBC and MySQL following clean OOP principles.
- Implemented abstraction and interface-driven architecture to separate business logic from persistence logic.
- Designed reusable database connection management using Singleton pattern and external configuration properties.
- Added validation, exception handling, and CRUD operations for robust data management.

Social Media Backend API | Spring Boot, Hibernate, MySQL

GitHub: github.com/aman-a25/VibeHub

- Developing a backend REST API for a Social media platform using Spring Boot and layered architecture principles.
- Implemented modules for user management, authentication flow, posts, and database interaction
- Using Hibernate/JPA for ORM-based database operations with MySQL.
- Applying concepts like dependency injection, exception handling, DTOs, service-repository architecture, and RESTful API design.
- Version-controlled project using Git and GitHub.

CERTIFICATIONS & TRAININGS

- Certified **AWS Academy Graduate** for **AWS Academy Cloud Architecting**
- **Data Analysis using Python**, Certified by **Andip Foundation Skill and Career Development Center** at Sikandarpur Gurgaon Haryana
- **Pursuing Java Full Stack Development Training** – Ducat India (Core Java, Advanced Java, Spring Boot, Hibernate, SQL, Web Technologies)

ACADEMIC QUALIFICATION

- | | |
|--|------------|
| • B.Tech.(Computer Science Engineering) KRISHNA ENGINEERING COLLEGE | 6.63(CGPA) |
| • 12th (UP BOARD) SARASWATI VIDHYA MANDIR INTER COLLEGE | 68% |
